Dear Madam/Sir:

The Municipality of Metropolitan Seattle (Metro) maintains files on companies which have industrial discharges to our sewerage system. These files contain information concerning the nature of each company's discharge, correspondence, and where applicable, the information concerning waste discharge permits. It is Metro's policy to notify companies whose files have been reviewed by personnel outside of Metro as a result of a "Public Act Information Request".

On May 30, 1984, your file was reviewed by a representative of JRB Associates, a contractor for the Washington State Department of Ecology. This review was performed as part of a site "Preliminary Assessment" under the Environmental Protection Agency's Resource Conservation and Recovery Act's Section 3012. If you have any questions concerning this matter, please call me at 447-6743.

Very truly yours,

Douglas A. Hilderbrand
Industrial Waste Supervisor
Water Quality Division
